I am happy to be at IIJS SIGNATURE 2024 - one of the biggest GJ trade shows globally. And it is in Mumbai. The gems and jewellery industry belongs to Mumbai. Mumbai accounts for 72% of GJ exports.

And the IJP coming up at Mahape will provide a further boost to exports. The IJP will create a whole new ecosystem for GJ sector. The Maharashtra government will provide all the support required to set IJP in record time.

“India's sustainable growth provides optimum environment for business and facilitates innovation to shine. India's fast growing global stature is the heartbeat of the new global economy. New exciting opportunities are emerging with industrialisation, urbanisation and consumption.

The world is eyeing India's affluent middle class segment of 30 mn households as potential customers. This will lead to increased spending on fashion jewellery.

The gem & jewellery industry in India is also maturing.
